

BISTRO  
BELLAVISTA

ITALIAN BISTRO & WOOD FIRED PIZZERIA

**\*CORAVIN WINE TECHNOLOGY:**

*Our premium wines are served via The Coravin® wine technology system that is a unique wine preservation system. It lets us easily pour from our best bottles, while leaving the cork where it's been since it was first sealed in the winery. When the Coravin System is put in place on top of the bottle, a thin, hollow needle is inserted through the cork to extract the wine; at the same time an odorless and tasteless gas by the name of Argon is inserted into the bottle to replace the space created by the extracted wine. No removal of foil or cork is required to access the wine.*
